How would you rate the success of the workshop? (excellent, good, fair, poor)

What sessions were the most well received by students? Why? (Instructor? Topic? Materials?)

Do you have a waiting list for another course?

If so, how many are on the list?

If so, do you plan to offer another course in the future?

--more on back--

If you offer another course, what procedures, instructors, classes, etc. will you change?

If you offer another course, what procedures, instructors, classes, etc. will you keep the same?

What information, materials or resources would you like to see the statewide advisory council provide for workshop coordinators, instructors and students?

Can we use your comments in this evaluation in publicity related to the Indiana Master Naturalist program?
